

STREK-O

A great name in doors since 1940

ARCHITECTURAL WOOD DOORS

STREK-O Doors, located in the small central Wisconsin town of Abbotsford Wisconsin, began as Streckert Manufacturing in the 1940's. Originally manufacturing hollow core and stave core doors, the product offering has increased over the years to include architectural wood doors with the following cores: particleboard, structural composite lumber, and mineral. Along with the different

core offerings, all doors are available for factory machining and finishing. STREK-O Doors' architectural wood doors are available in nearly every veneer imaginable (domestic and exotic) with some of the quickest lead-times in the industry for you to meet your tight deadlines. Our goal at STREK-O Doors is to provide the highest level of customer service every day to keep you and, your customer's needs satisfied. The philosophy of maintaining excellent customer service, while producing a quality product that began with Streckert Manufacturing in the 1940's, continues with STREK-O Doors.

All STREK-O Doors are 5 ply, hot press, bonded core doors conforming to ANSI A 208.1 1 LD-2

Fire Rated Doors are available with 20, 45, 60 and 90 minute ratings in Neutral and Positive Pressure (Category A & B)

Domestic and exotic veneers are available on doors from Anegre to Zebrawood
