Build-Ups

Combine moulding patterns to create a unique home style.

- Combine crowns, bases, casing, panel moulds, shoe or quarter rounds and more, to create detail, line and pattern.
- Use boards or square stock to build up depth.
- Combine square and eased edges to create richer detail.
- Use moulding with the same style families for a harmonious feel.
- Create completely unique build-ups to fit your own style.

Contemporary

Eclectic, Artistic, Avant-Garde. Full of life, culture, color, texture, unique and found objects, natural and man made materials...

At its core, the word "contemporary" means "of the moment". Sleek & thoughtful, contemporary design spaces often feature a mixture of both straight and elegantly curved lines, which can be seen as a slight nod to this style's art deco roots. Today, the look is defined by curved lines, and embraces minimalistic elements highlighting grays, beiges and shades of white. Although the contemporary trend changes with time, the basic cutting edge simplicity and idealism remains as unique as your vision.

Victorian

Glamorous, Ornate, Art Deco, Baroque, Southern Plantation, Colonial Estate...

Victorian Mouldings hearken to the richness of old world artisan builders, craftsmen and clothiers that regarded every part of their work a piece of art. It is a style that can transform the bland into a bold statement of line and form. Ornate mouldings can be combined to restore a great Painted Lady or add a subtle flair and richness to add glamour to any room in your home.

Farmhouse

Farm and Cottage, Rustic and Finished, Handcrafted and Milled, Natural and Painted Woods, Sturdy Beams and Headers. Livable luxury — frontier simplicity... work... restore...

Classic, elegant and comfortable, the modern farmhouse decorating is rooted in rustic country charm peppered with warm minimalism. Striking just the right balance of pastoral and refined, modern farmhouse decor emphasizes comfort and casual living with contemporary sensibilities reflective of today's times. NCWP stocks a wide variety of hardwood and primed mouldings, boards, and wall panels from wainscoting, bead-board to shiplap. Combined with faux beams from Ornamental Mouldings to create warm and inviting spaces from cozy to dramatic and inviting for a family gathering.

Craftsman

Line and Structure, Handcrafted, Architectural, Artisan Craftsman, Modern-Farmhouse, Western Ranch...

Craftsman homes are full of endless detail and character, known for their natural materials, cozy interiors, and wide porches. Patterns and lines show the Arts & Crafts Architectural style through the use of natural woods combined with simple paint schemes. Wainscoting or beadboard detailing, and decorated ceilings with beams will help to give your home that warm feeling.

General Informations

Finger-Jointed Moulding from our quality suppliers is precision milled using advanced technology in a wide selection of profiles. The advanced manufacturing methods and the woods superior moulding characteristics result in long lengths and very few defects.

- All products should be inspected for manufacturing defects prior to painting or installing.
- Please store horizontally and off the floor, and let acclimate 72 hours prior to installation.
- Install with 15-18ga pin nails with proper air pressure to counter sink fastener 1/16".
- Use light weight spackle and paintable latex caulk when filling and sand with 80-120 grit paper.
- Finish with a good quality latex paint applied following the manufacturer's specifications.
- Manufacturing guidelines encompass tolerances of up to 1/32 inch.

MDF from our quality suppliers is light-weight and manufactured using eco-friendly standards. The superior workability of our MDF mouldings offers an ease of cutting, mitering and finishing, making it excellent for any size job. The combination of light-weight substrate, consistent easy to paint surface and long lengths, result in superior workmanship and a streamlined final finishing process.

Corner Moulding Blocks

Pictured: **734** Bullseye Rosette Corner Casing Block | Also Shown: **1888** Crown Corners (see page:56) & **1403** Plinth Base Block (see page:42).
All blocks shown primed and painted.

Moulding Blocks:

Casing Corner Blocks, Crown Blocks and Plinth Blocks add decorative detail and greatly simplify moulding installation without the use of mitering corners. Plinth Blocks offer transitions between varying bases and casing profiles while adding depth and structure to the cased opening. Using Moulding Blocks is often a perfect solution for DIYers.
